Historical Records & Easy Navigation

For readers looking for a long-term [Satta King Record](#) reference, the site provides year-wise chart links. The visible navigation includes records for 2025 through 2015.

Why historical charts are useful

Historical tables let readers review older entries without mixing them with the current month's results. A date-by-date layout also makes it easier to locate a particular day or review records across different periods.

Suggested reading flow

Current results → monthly chart → selected market → yearly record → older historical chart.
